

# INSPIRATION GUIDE...

pictavo

2019-2020

# WELCOME

We realize not everyone that gets tasked with creating a yearbook has design experience, but we don't think that should keep you from ending up with a great yearbook. Our design team has created an incredible art library loaded with art, accents, templates and Snippets that make laying out your yearbook both simple and fun!

# CURRENT EVENTS & AUTOGRAPH PAGES

Current Events are available as full-page backgrounds or as single-story accent pieces in your Pictavo art library. Use as many or as few stories as you'd like, depending on what's of interest for your school.

To use full page Current Events, just drag and drop pre-designed layouts onto any page of your book.

Remember, books are priced based on total page count. Updated Current Events will be available in February each year.

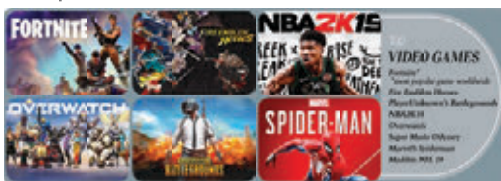

**Our Favorites**  
 We all voted and agreed that Fortnite was a class favorite this year. We enjoyed the humor and light-hearted feel of this action-packed summer film.  
 We've all seen different versions of the Fortnite but this was a favorite!  
 This year our class agreed that we loved the music, love and grit in the film Coco. We will all remember dancing to Lin Peño Loco during art time.

### Fourth Grade Book Project Experience

**DIY RAINFOREST**  
 Julia: Having the book planning at hand was one of the most fun parts of the project. We all loved the music, love and grit in the film Coco. We will all remember dancing to Lin Peño Loco during art time.

Single-story Current Events are also available. Search 'Current Events' in the Art menu, select 'Accents' to see stories available.

**DIY RAINFOREST**  
 Julia: Having the book planning at hand was one of the most fun parts of the project. We all loved the music, love and grit in the film Coco. We will all remember dancing to Lin Peño Loco during art time.

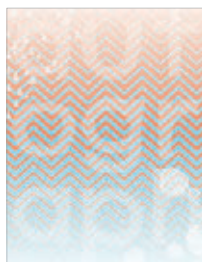

**FURRY**  
 While this year was definitely a banner year for the ever-adorable, slow-moving sloth, one specific illustrated cat seemed to pop up everywhere. Furry, a chubby tabby that originated as a popular web comic, has developed a solid fan base and a seemingly endless line of merch including a subscription box!

**CHILDREN'S**  
 Reading and discussing this book together was one of the great learning achievements we accomplished this year. Our No Bullying campaign was given a boost as we became aware of the people around us and learned about empathy.

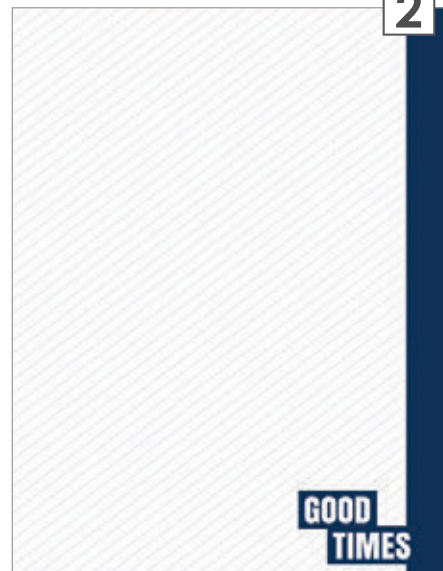

SET 1

**PERSONAL MESSAGES ARE ALWAYS AN IMPORTANT PART OF THE YEARBOOK!**

These pre-printed autograph pages are produced on uncoated paper to be marker, pen and pencil friendly.

SET 2

**COLLECTION AUTOGRAPH PAGES**

Each Art Collection includes its own coordinating autograph template option. Place these anywhere in your book or create your own using coordinating backgrounds and accents!

# MEET PICTAVO

## STAY ORGANIZED

Creating a yearbook is big, but it doesn't have to be scary. Pictavo enables you to create events, assign tasks and keep track of all the important details.

## WORK ON THE GO

With mobile capabilities, Pictavo makes it possible to maximize each minute; and no one will know you aren't at your desk.

## HELPFUL TOOLS

Every aspect of Pictavo was rigorously tested to ensure an exceptional experience. Tools only appear when you need them, leaving more room for you to work.

## GREAT DESIGN

No other yearbook software has an art library quite like ours. We've created collections with your entire book design in mind.

**ACCENTS** - small design elements that complement a layout

**ART COLLECTION** - a collection of coordinating backgrounds, templates, Snippets and accents

**PROJECT ADMINISTRATOR** - the yearbook leader with the highest level of project access and permissions

**BACKGROUND** - art meant to fill the entire page; often a subtle texture or pattern that coordinates with the theme

**BLEED** - extending design elements beyond the trim line to ensure printing to the edge of the page

**CANDID** - an unposed photograph usually capturing the subject in action

**CONTEXTUAL (FLOATING) MENU** - a menu that appears automatically and offers tools specific to the selection or action

**COPY** - any typed text on your yearbook page

**DASHBOARD** - area of Pictavo that gives an overview of the progress of a project

**LADDER** - Pictavo's built-in organizing tool where you can track users, tasks, assignments and content

**LAYOUT** - the arrangement of images, text and art elements on a page

**PORTRAIT** - a posed photo, usually taken by a professional; typically a head-and-shoulders-style shot

**PORTRAIT FLOW** - rows and columns of portraits with student names

**PORTRAIT GRID** - rows and columns of photo and text boxes used to design the look of a portrait flow before flowing portraits into it

**PRACTICE PAGE** - pages used for trying out tools or design ideas before committing them to a page

**SNIPPET** - a mini-template designed to fit into a layout; found only in Pictavo

**SPREAD** - two pages that face each other in the yearbook; link pages to design across spread

**TEMPLATE** - a pre-designed layout including art, photo boxes, text and possibly portrait grids

**THEME** - the design or verbal elements used throughout your book to create consistency

**USER** - a member of the yearbook team that can access pages and tasks assigned by the project administrator

## STRUCTURE OF A LAYOUT

The image shows a yearbook page layout with several design elements labeled:

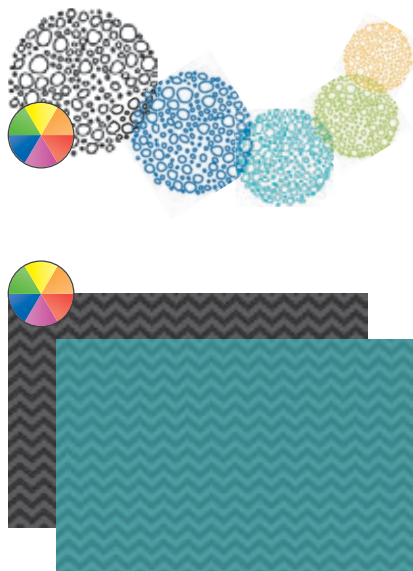

- Candid Image:** Points to a collage of photos at the top left.
- Background:** Points to the wood-grain texture of the page.
- Portrait:** Points to a large portrait of Edgar Ramirez on the left side.
- Portrait Flow:** Points to a grid of smaller student portraits on the right side.
- Headline Text:** Points to the title "Third Graders Make A CHANGE" at the top right.
- Copy/Text:** Points to the introductory paragraph below the headline.
- Candid Image:** Points to a photo of a student in a blue shirt on the right side.
- Page number:** Points to the number "300" at the bottom left and "301" at the bottom right.

# ONLY IN PICTAVO

## PRACTICAL DESIGN TOOLS

Creative freedom? You've got it. Pictavo's libraries are loaded with hundreds of colorable backgrounds and accents. Look for the color wheel next to pieces that let you apply any color in Pictavo's color library!

Speaking of color, Pictavo has more than two thousand to choose from! With so many options, it's important to be able to save your favorites and now you can!

Use the search tool to find exactly what you're looking for in our extensive art library. "Favorite" art you love so you can find what you need when you need it.

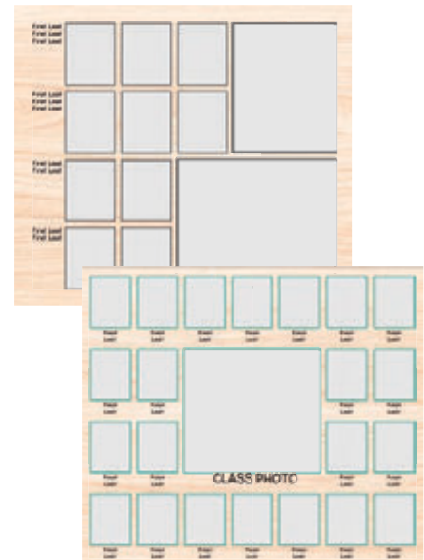

Add the perfect touch to your layouts with Outline & Drop Shadow text features! Use them alone or together to really take your typography to the next level.

Arrange page elements perfectly and with ease using Pictavo's alignment and spacing tools. Line up and evenly distribute multiple accents, images or text.

Create unique portrait pages with completely customizable and adjustable portrait grid settings. Save your preferences to reuse on other pages.

### PAGE DESIGN

Easily access Art Libraries, Photo Management, text tools and portrait flow options from the page design area.

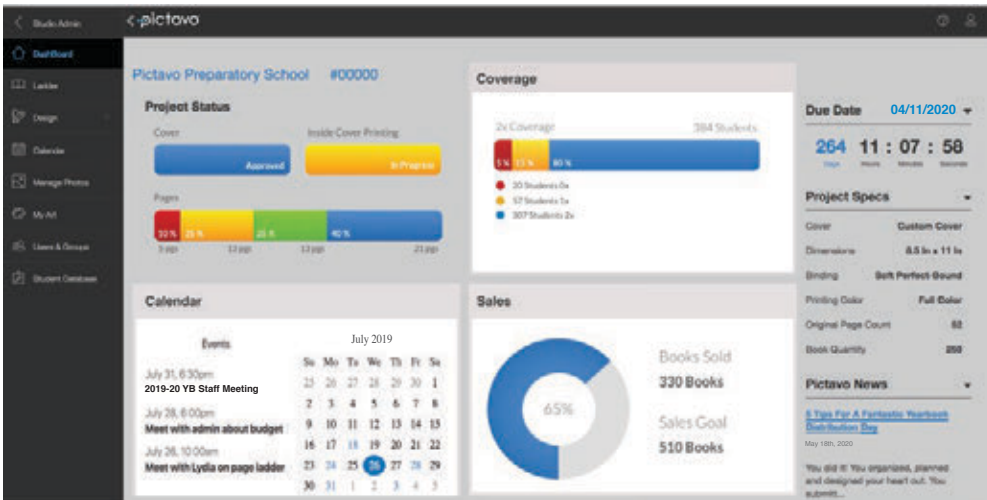

Pictavo's contextual menus appear only when an element is selected; only tools that apply to the selection are available.

### DASHBOARD

The Dashboard is a snapshot of your project and a gateway to helpful project management tools. This includes a calendar where you can create and assign events or tasks to yourself and others. As Project Administrator (Admin), you have access to privileges like setting up users and deciding settings that other users do not.

# CREATE YOUR YEARBOOK

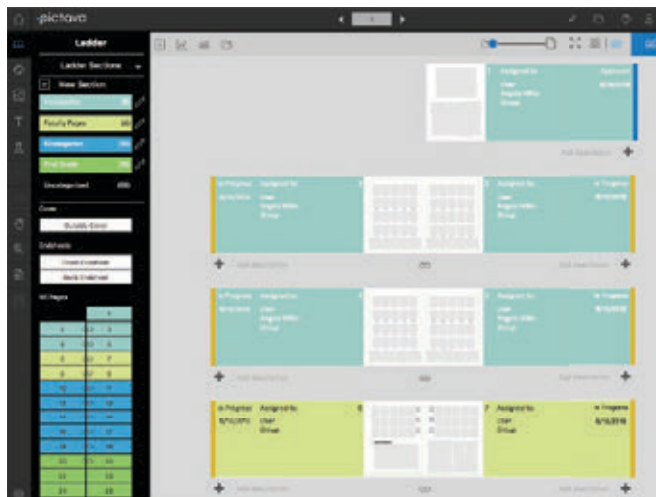

## 1

### PLAN AND VISUALIZE YOUR BOOK

The first step in any project is deciding how you'd like your final product to look. Taking time to plan and visualize is an essential part of developing your yearbook.

#### PLAN

Use the ladder to plan your project. Knowing how many pages you'll need to devote to each grade, activity or event is useful when deciding on the visual theme of your book. Seeing how your book naturally breaks into sections on a ladder can help drive art decisions for your staff.

#### WHAT CAN I DO IN THE LADDER?

- add page descriptions
- color code selections
- assign users
- track progress

#### VISUALIZE

This Inspiration Guide is broken into Art Collections. Each section is an overview—or first impression—of the collection and how a finished book might look using the art from a specific Collection. As you page through, keep an eye out for layout ideas and be inspired by what you see.

## 2

## GET STARTED ON YOUR PAGES

The design team behind Pictavo has created a library of templates all built on the same grid to make designing pages easy. Use the templates as-is or as a starting point for your perfect layout.

### FIND

Go to the Art icon, select Templates, choose Library and the entire Template Library will open

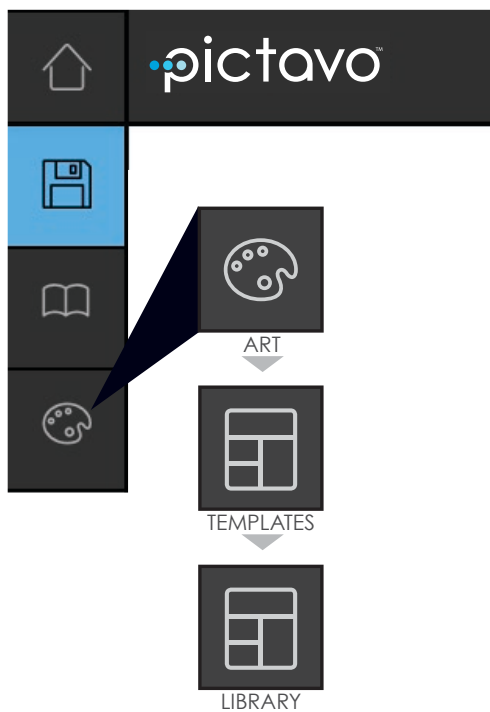

OR

Go to the Art icon, use the Art Collection name to search, select Templates and all templates from a specific collection will be shown.

### DRAG, DROP AND CUSTOMIZE

Select a template—drag it directly from the Library and drop it on to your page.

Once a template is on the page, all elements are editable and removable. Customize the template to your needs.

# CREATE YOUR YEARBOOK

## 3

### USING BACKGROUNDS

Adding a background to a spread or swapping an existing template background is a great way to add variety and interest to your layouts.

#### FIND

Go to the Art icon, select Backgrounds, choose Library and the entire Backgrounds Library will open

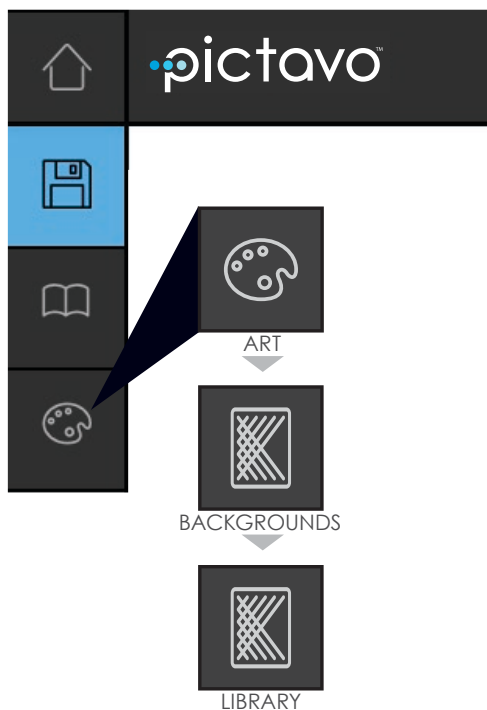

OR

Go to the Art icon, use the Art Collection name to search, select Backgrounds and all Backgrounds from a specific collection will be shown.

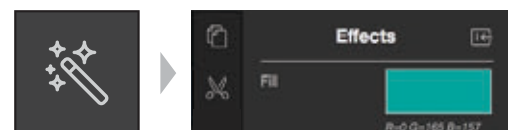

#### DRAG, DROP AND CUSTOMIZE

Select a Background—drag it from the Library and drop it on to your page. If you've already placed a template on your page, swap backgrounds the same way.

If you are using a Colorable background, select the wand in the effects palette and then choose a color.

 This icon indicates a colorable piece of art

## 4

## CUSTOMIZE WITH SNIPPETS

Snippets are mini templates designed with template customization in mind. Replace sections of a template with a Snippet or build a page from scratch using Snippets and your own creativity!

### FIND

Go to the Art icon, select Templates, select Snippets, choose Library and the entire Snippets Library will open

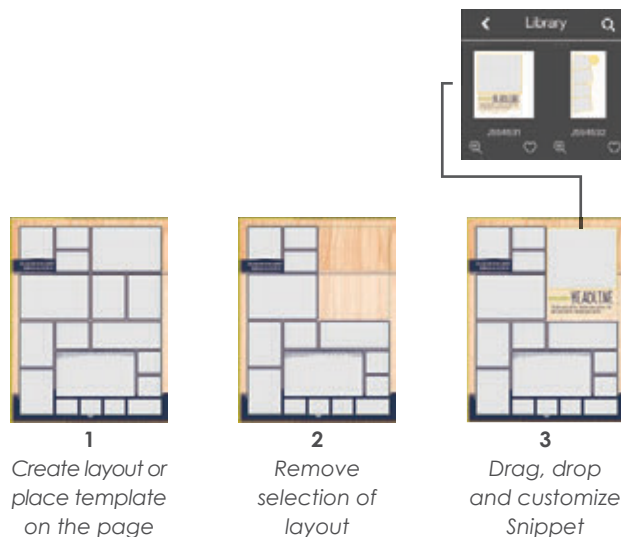

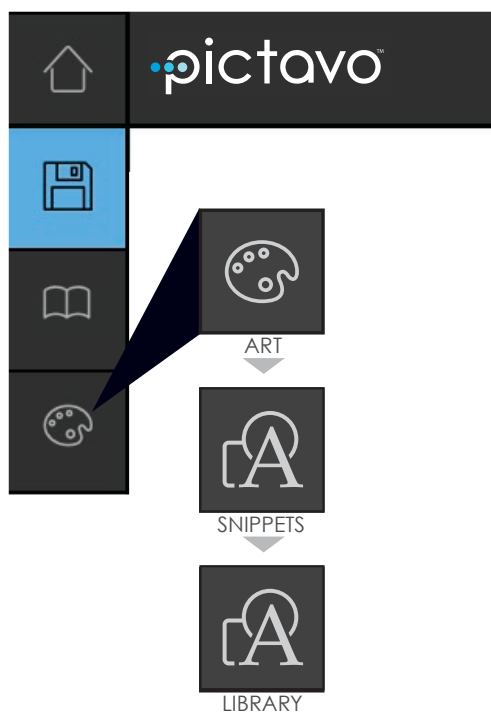

OR

Go to the Art icon, use the Art Collection name to search, select Snippets and all Snippets from a specific collection will be shown.

### DRAG, DROP AND CUSTOMIZE

Select a Snippet—drag it directly from the Library and drop it on to your page. Snippets may be used on their own or to modify a template on the page.

Once a Snippet is on the page, edit text, elements and colors to perfect your design.

# CREATE YOUR YEARBOOK

## 5

### ADD THE FINISHING TOUCH

Sometimes a layout just doesn't feel complete until you snazz it up a bit. Use Accents to complement your layout in just the right places.

#### FIND

Go to the Art icon, select Accents, choose Library and the entire Accents Library will open

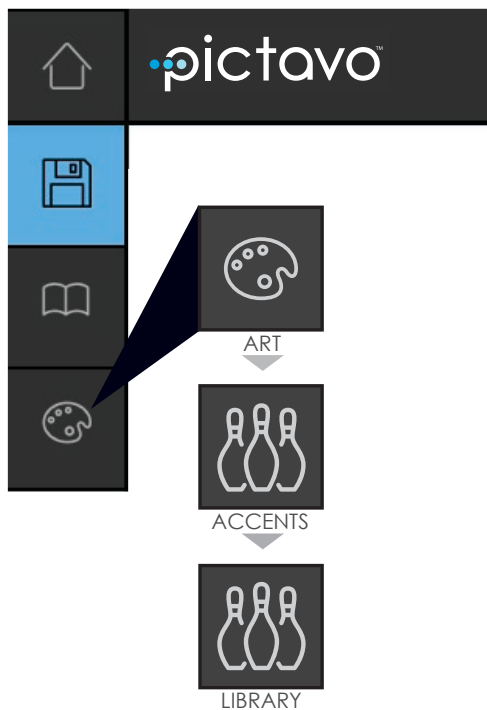

OR

Go to the Art icon, use the Art Collection name to search, select Accents and all accents from a specific collection will be shown.

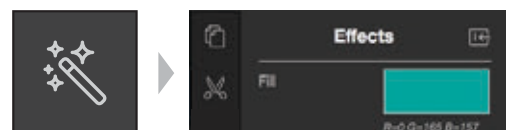

#### DRAG, DROP AND CUSTOMIZE

Select an Accent—drag it from the Library and drop it on to your page. You can add Accents to any page, even a spread you've already placed a template on.

If you are using a Colorable Accent, select the wand in the effects palette and then choose a color.

# FAQ

## **IS THERE A VIDEO I CAN WATCH TO HELP ME GET STARTED?**

Yes! There is an overview video located in the Help section of Pictavo. In the left hand column, you'll see a list of the most frequently visited items in Help. The overview video lives there! Make sure you have about 20 minutes to spare and you may want to take notes. It's longer than the other videos in the library, but packed with useful information about Pictavo!

## **I'VE RECRUITED PEOPLE TO HELP ME WITH THE YEARBOOK, HOW DO THEY GET INTO PICTAVO?**

First you'll need to add your volunteers as users, then you have the option of assigning them pages. You can even create permissions-based groups to keep your team organized.

## **DOES MY PHOTOGRAPHER HAVE TO LOAD MY PORTRAITS?**

Nope! Your portrait photographer will provide the CD to you and you can load the portraits to Pictavo using the user-friendly portrait wizard tool. Your yearbook publisher or Pictavo Tech Support can also do it for you.

## **HOW DO I NAVIGATE THE ART LIBRARIES TO FIND WHAT I WANT?**

It can be overwhelming trying to find just-the-right piece of art in the industry's largest art library. Use the search bar to find elements based on key word search or Art Collection name.

## **THE CONTEXTUAL (FLOATING) MENU IS COVERING AN ITEM I NEED TO SEE, CAN I FIX THAT?**

If you'd like the contextual menu to stay in one spot, use the "dock" function. Near the top of the main menu window there will be an icon that looks like a square with an arrow pointing to the right. Clicking this will dock your menu to the right side of your screen. To un-dock, click the same icon and the menu will be back to appearing where you click.
