

YearbookLife

# Bling FOR YOUR BOOK

YearbookLife offers many enhancements for your school's yearbook. Check out all of the options below and give us a call toll free at 888-680-0143 or email sales@yearbooklife.com for further information and pricing.

## YEARBOOK SUPPLEMENTS

Do you have events that didn't make your yearbook deadline? You can produce a Yearbook Supplement!

Designed separately from your yearbook, but utilizing the same software, page supplements can be created as an addition to your book.

Pre-applied tape strips enable anyone to just peel and stick the supplement in the back of the book. Production time is two weeks, plus shipping.

## INSIDE COVER PRINTING

{Available for soft cover books only}

Don't want that inside cover to be wasted space? Have some pictures, art, or text you'd like to add?

Printing can be done on the inside cover of our soft cover books.

## COVER PERSONALIZATION

Would you like each student to have their own name printed on the cover of their book? How about the name and a few customized icons to show off their favorite activities?

These personalization options are available depending on the binding type of your book.

## AUTOGRAPH BACKGROUNDS

If you would like to include pages in your book for students to sign and write well wishes, there are autograph page backgrounds that you can use.

These are treated like any page background and can be placed on the existing pages of your book.

## YEAR IN REVIEW PAGES

Year in Review pages are available as full backgrounds in your Pictavo library and are considered part of your overall page count. Treat them as regular pages in your book.

The pages are available in February.

Since they are included in your page count, there are no additional charges.

## COLOR & CUSTOM ENDSHEETS

{Available for Smyth books only}

Endsheets are the matte finished paper attached to both the inside front and back covers of your book and the flyleaf.

Your books include standard white endsheets, but you may enhance your design by selecting Color Endsheets or you can customize the endsheets with a Custom Design to better reflect the theme of your book.

Other cover enhancements including matte finish, embossing and debossing are available.

Contact us for more information.
