Create a personalized message with favorite photos in your school's secure online store.

- 2 Choose and purchase.** If prompted, select an ad size and click **OK**. Name your ad, click **OK**, then complete checkout and create a secure account when prompted.
- 3 Access your ad.** You'll receive an **email with a link to design and finalize your ad**. Allow about **30 minutes** after ordering. **You must design your ad on a computer.** You can also log in to the **Bookstore** and click **Manage Your Projects**.

02 DESIGN & SUBMIT

- 4 Start designing.** Click **Edit** next to your ad. Drag a design from **Templates** onto the ad. Under **Candid**s, click **Add Photos** and drag photos into the frames.
- 5 Personalize and proofread.** Click a photo to crop it or add borders and effects. Click the **T** icon on a text box to add your message. Click **Preview** to check photos, names and spelling.
- 6 Submit your finished ad.** Click **Finalize** to send it to the yearbook staff. To finish later, click **Save Work in Progress** and return through **Manage Your Projects**.

Be sure you are aware of your ad deadline. The deadline is the date the ad should be submitted, not just purchased.
